Module “Intercultural Encounter”

Intercultural Encounter	SWS	UE	EC
Intercultural Learning	2	30	3
German for Incoming Students – Beginners / Intermediate	1,6	24	2
Conversation English / German	0,8	12	1
Sum			6

Intercultural Learning

CONTENTS

- Getting to know each other using English as a foreign language on levels CEF A2 or above
- Definition of intercultural learning and culture
- Intercultural skills and awareness: intercultural gaps, cultural standards and values, intercultural shock
- Teacher identity and intercultural learning
- Teaching intercultural awareness
- Excursions: experiencing cultural diversity

COMPETENCIES

Students

- can communicate in English on levels A2 or above.
- are aware of intercultural learning models.
- can, based on their understanding and awareness of their own culture, compare cultural differences applying the model of the Intercultural Iceberg.
- develop their own teacher identity with regard to the concepts human being, nature, and spirit.
- are able to foster life skills for life-long learning (LLL).

German for Incoming Students – Beginner

CONTENTS

- Alphabetization / filling-in of forms / profile
- Important phrases for everyday conversation / Basic grammar of words and phrases
- Conjugation in present, perfect, and future tenses / regular and irregular verbs
- Vocabulary for everyday communication / Internationalism
- Excursion

COMPETENCIES

Students

- can introduce themselves in speech and writing (e.g., fill in forms).
- understand and apply typical phrases used in teaching, phrase questions correctly.
- form simple phrases in speech and writing.
- use the present, perfect, and future tenses.
- use modal verbs correctly.

German for Incoming Students – Intermediate

CONTENTS

- Advanced grammar of sentences and words (e.g., types of subordinate clauses, subjunctive mood 1 and 2, active and passive voice, prepositions, etc.)
- Literary texts (short stories, poems, etc.)
- Phrases, proverbs, advanced vocabulary for various situations in life
- Excursion

COMPETENCIES

Students

- use main clauses, form sentences, form the subjunctive 1 and 2 and use it correctly in spoken language.
- recognize and form sentences in active and passive voice.
- understand the content of texts, reproduce texts and reflect on them, express and reason their own opinion.
- understand figures of speech and use them appropriately in excursions.

English Conversation

CONTENTS

- Introduction – Everyday English Conversation / Using idioms and proverbs in daily speech
- Speaking spontaneously about job and career
- Confident communication in everyday life and professional situations / Storytelling as best practice
- Excursion

COMPETENCIES

Students

- demonstrate effective word choice and sentence structure, grammatical competence, appropriate use of idioms for confident language skills.
- improve speaking confidence and conversation skills.
- can express own opinions and engage in discussions on a wide variety of topics.
- practice their language skills on an excursion.

German Conversation

CONTENTS

- Conversation in everyday situations (e.g., making a phone call, fixing a date, using German in the classroom, etc.)
- Building confident language use
- Forming indirect questions
- Arguing a cause
- Excursions, vocabulary building

COMPETENCIES

Students

- can talk about a variety of topics.
- can ask indirect questions.
- can argue their positions in discussions.
- can reflect on their excursion experiences.

Module “Cultural Studies”

Cultural Studies	SWS	UE	EC
History of Carinthia / Austria	1,6	24	2
Erasmus+ for Incomings	1	12	1
Arts and Cultural Studies	0,8	12	1
Intercultural Music	0,8	12	1
Literary Learning	0,8	12	1
Sum			6

History of Carinthia / Austria

CONTENTS

- Selected historical studies of Klagenfurt, Carinthia, and Austria
- Examples of historically significant buildings and locations illustrating the identity, culture, and values of the Carinthian people
- Cultures and cultural life of the tri-border region Austria, Italy, and Slovenia (e. g. excursions and field-trips through the region, visits to various markets...)
- Observation of forms of communication and conduct of people in the market square
- Geographic, historical, ethnic, and cultural aspects of the region and encounter with the region's identity / identities
- Excursion(s)

COMPETENCIES

Students

- acquire knowledge of selected historical aspects of Klagenfurt, Carinthia, and Austria.
- gain an in-depth understanding of people's conduct through the material expression of their values and attitudes and get to know the identity / identities of the people who live and work in this region.
- explore the tri-border region, where Erasmus+ students live during their time of studies.
- get into contact with people from other cultural backgrounds, cultivate an open and appreciative form of communication across cultural boundaries.
- can name and engage with the essential socio-cultural parameters of Carinthia and Austria.
- compare their environments and conditions of life and know the cultural framework and background of the people who live in Carinthia and Austria.

Erasmus+ for Incomings

CONTENTS

- Challenges for Erasmus students at the UCTE
- Presentation of circumstances at the place of origin
- Participation in the Erasmus+ Information day
- From individual to global values: Presentation of the historical, geographic, cultural, social, and educational situation in the country of origin
- Analysis of common grounds, similarities, and differences in the country of origin and the current Erasmus location
- Work in intercultural groups / Outdoor activities

COMPETENCIES

Students

- can reflect on their experience in a foreign country regarding social, political, and cultural heterogeneity.
- know how to minimize or reduce anxieties regarding their Erasmus+ stay.
- interact with “incoming” “outgoing” and “local” students.
- can critically analyze cultural and national stereotypes.
- can reflect on the increase of their personal, intercultural, communicative, and public speech competences based on their own set of values.

Arts and Cultural Studies

CONTENTS

- Exploring different works of art in relation to contemporary issues (such as globalization, migration, digitalization, etc.)
- Learning about the complexities of visual culture, art and popular culture
- Excursion/s

COMPETENCIES

Students

- have a basic knowledge in contemporary art and popular culture as well as in visual culture.
- are able to take a critical view towards the global changes and challenges of our world.
- are open to interdisciplinary concepts of work.

Intercultural Music

CONTENTS

- Typical examples of Austrian classical music culture as well as the country's folkloristic music tradition (with special emphasis on Carinthia)
- Musical traditions in an international context
- Active music playing with elementary instruments and didactic methods of music-teaching
- Public performances for various audiences

COMPETENCIES

Students

- know the most important Austrian composers, as well as folk songs, and folk dances.
- can design simple choreographic patterns for different styles of music and know how to use elementary instruments.
- can join in simple improvisations.
- experience themselves as musicians and perform at small music events.

Literary Learning

CONTENTS

Teaching the fundamental principles of literacy, including:

- Language across various media forms: writing, images, sound, video, and short media formats (e.g., TikTok).
- Exploring media literacy through:
 - Access to media,
 - Media usage and comprehension,
 - Media analysis and creation/production,
 - Evaluation of media contents will be explained and tested in practice applications.

COMPETENCIES

Students will:

- Develop a conceptual understanding of literacy.
- Explore the diversity of media texts.
- Gain insight into the pedagogical and didactic potential of media offerings.
- Learn to create/produce media formats themselves.

Electives Creative Studies: Intercultural Music (in depth) / Arts / Chor

Elective Intercultural Music (in depth)

CONTENTS

- Deepening of student's knowledge in Intercultural Music
- Further examples of Austrian classical music culture as well as the country's folkloristic music tradition (with special emphasis on Carinthia)
- More about musical traditions in an international context
- Active music playing with elementary instruments and didactic methods of music-teaching
- Public performances for various audiences

COMPETENCIES

Students

- know the most important Austrian composers, as well as folk songs, and folk dances.
- can design simple choreographic patterns for different styles of music and know how to use elementary instruments.
- can join in simple improvisations.
- experience themselves as musicians and perform at small music events.

Elective Arts

CONTENTS

- Exploring different works of art in relation to contemporary issues (such as globalization, migration, digitalization, etc.)
- Learning about the complexities of visual culture, art and popular culture
- Excursion/s

COMPETENCIES

Students

- have a basic knowledge in contemporary art and popular culture as well as in visual culture.
- are able to take a critical view towards the global changes and challenges of our world.
- are open to interdisciplinary concepts of work.

Elective Chor

CONTENTS

- The choral warm-up is an important part of rehearsals and aims to teach fundamental vocal technique and collaborative vocal shaping.
- The choir focuses on adapting its repertoire to the students' vocal training and covers a broad range of styles, with an emphasis on musical interpretation.
- The choir's ultimate goal is to have a public performance, which may involve collaboration with solo vocal and instrumental instruction

COMPETENCIES

Students

- learn to focus on developing fundamental and advanced skills in vocal ensemble music-making, including breathing, intonation, and musical interaction.
- are trained in listening, sound and pitch perception, and sight-reading.
- learn to use a diverse repertoire and perform the results of their work in public concerts.

Elective Sports: Physical Education

Elective Physical Education

CONTENTS

- Games, Physical Education, and forms of movement to broaden social skills, physical coordination and fitness, also in outdoor activities such as (snowshoe) hiking
- International and folk dances
- Selected didactic content and practical examples from the Austrian Physical Education primary school curriculum

COMPETENCIES

Students

- expand their knowledge of games, Physical Education skills, and forms of movement for physical training, coordination, folkloristic dances, and cooperation in Physical Education.

Module “Educational Sciences”

Education Sciences	SWS	UE	EC
Educational Systems	0,8	12	1
Progressive Education	0,8	12	1
Viktor Frankl in Education and Teaching	1	12	1
Diversity in Education	1,6	24	2
Sum			5

Educational Systems

CONTENTS

- Overview of the Austrian educational system/school system at primary and secondary levels
- Comparison of the Austrian educational system with various other countries / Current developments in the Austrian educational system
- Visit to selected types of schools in Austria and abroad

COMPETENCIES

Students

- can speak about the parameters of the Austrian school system.
- can create a portfolio about the promotion of learning, educational standards, and the role of the teacher.
- can compare the quality of Austrian schools with those in other countries.

Progressive Education

CONTENTS

- Principles and core elements of progressive education models in theory and practice
- Visit of progressive education schools in Austria and abroad
- Self-organized learning - Creation of a portfolio about the theoretical basics and documentation of the school visit

COMPETENCIES

Students

- can describe the current concepts of progressive education.
- can describe and reflect goals, norms and values constituting the Austrian education system.
- can analyze the current situation of school development in the context of progressive education.

Viktor Frankl in Education and Teaching

CONTENTS

- Overview of the life and work of Viktor E. Frankl and his approach based on the concepts of Freedom of Will, Will to Meaning and Meaning in Life.
- Introduction to Frankl's concept of values in the context of discovering meaning in life;
- The principle of life-long learning as an expression of the human need for constant development
- Reading and discussion of Viktor Frankl's book "Man's Search for Meaning" about his experiences as a concentration camp inmate during World War II

COMPETENCIES

Students

- can name basic parameters of the biography of Viktor E. Frankl.
- know the main concepts of Viktor Frankl's Logotherapy and Existential Analysis, as well as the various highways to meaning.
- understand the concept of the "Will to Meaning" as a human potential in education.
- can explain Frankl's concept "Freedom of Will" and understand the interaction between freedom and responsibility.
- perform a literary analysis and discussion of Frankl's "Man's Search for Meaning".
- act meaning-oriented in pedagogy with the help of their knowledge about the values and meaning view of human nature developed by Viktor E. Frankl.

Diversity in Education

CONTENTS

- From intercultural awareness to a diversity-aware education and attitude
- Examples of approaches to diversity management in educational settings
- Diversity and multilingualism; theories, concepts, and their practical implementation in the Alps-Adriatic region

COMPETENCIES

Students

- can assess and describe the current role of education in the context of international migration.
- can describe new educational perspectives in Austria in the context of migration.
- can reflect about alternative perspectives for action in the context of diversity.

Module “Teacher Competencies”

Teacher Competencies	SWS	UE	EC
Science Education	1	15	2
Digital Literacy	1	15	2
Education for sustainable development in schools	0,8	12	1
Maths - The Real International Language	0,8	12	1
Human Being and Human Rights in Education	0,8	12	1
Sum			7

Science Education

CONTENTS

- Forces
- Colours
- A journey through the inner workings of a smartphone
- Luminescence – Nature’s lights

COMPETENCIES

Students

- discuss the implementation of inquiry-based science education.
- conduct selected scientific experiments independently.
- document results from experiments appropriately (laboratory note book).
- analyse the results in the context of the general topic.
- present a selected experiment in front of the class.

Digital Literacy

CONTENTS

- Possibilities of digital media in teaching – specific research, selection, and assessment of information and free educational resources
- Regulations and consequences of copyright law and use of licenses in the digital world for presentation tools and lesson-relevant materials (images, videos, graphics, audio, etc.)
- Use of digital communication and collaboration tools in teaching and for lesson planning

COMPETENCIES

Students

- can competently integrate current digital media in an educational context and critically reflect their use.
- can research, select, and use publicly available educational media.
- can use digital communication and collaboration tools for teaching.

Education for sustainable development in schools

CONTENTS

- Global Goals of the UN Agenda 2030 and their ambiguity
- Agenda 2030 contents: poverty eradication, changing unsustainable and promoting sustainable patterns of consumption and production to ascertain sustainable development in all countries
- Overview of the 17 goals (169 targets)
- New teaching-approaches related to these issues

COMPETENCIES

Students

- think in proactive ways to address sustainability issues in the school field.
- discuss in groups possible teacher and student involvement, enhancing their ability to argue and reflect.
- develop a specific Learning Activity Plan (LAP).
- present the Learning Activity Plan.

Mathematics - The Real International Language

CONTENTS

- Numbers and number systems
- Simple arithmetic and different calculating methods
- Mental mathematical strategies
- Simple geometry terms and their use
- The history of algebra
- Problem solving concepts
- Number games
- Comparing maths books from different countries
- Mathematics puzzles
- Number and geometry patterns

COMPETENCIES

Students

- grow their mathematical understanding by enjoying a captivating and interactive course for not just, but also non-maths experts.
- share their own experiences and compare them with their colleagues to discover maths as a universal language.
- explore how mathematics developed over the centuries.
- handle very elementary mathematical concepts.
- compare how maths is taught in different school systems.
- gain a wider understanding of how mathematics is used in different countries to gain a better understanding of their international colleagues in the years ahead.

Human Being and Human Rights in Education

CONTENTS

- UN Charta of Human Rights
- Historical background and philosophical foundations of Human Rights
- Human Rights in Action
- The image of the human being: psychological, philosophical, and intercultural approaches
- Viktor Frankl's contribution to the understanding of the human being
- Image of man and world view
- The Global Citizen perspective

COMPETENCIES

Students

- gain insight into the concept of the image of the human being and its importance at the foundation of the educational practice.
- develop their understanding of the development of human rights as the fundamental concept for a sustainable future for our world and all mankind.
- understand the importance of world view and the view of the nature of the human being for the future of education.
- develop a specific Learning Activity Plan (LAP) about an aspect of the topics discussed.
- present their Learning Activity Plan (LAP).

Module “Teaching Practice”

Teaching Practice	SWS	UE	ECTS
Primary School	2	30	3
Secondary School	2	30	3
Sum			6

Teaching Practice – Primary School

CONTENTS

- School and classroom situations - Situation and factual analysis - Teaching and social contexts
- Subject-related methods of teaching; first steps into teaching, possibilities for differentiation and special support
- Design of model lessons, planning of sample lesson and use of information technology tools
- Methods of observation, analysis, as well as specific reflection of teaching methods

COMPETENCIES

Students

- can observe a lesson according to specific criteria.
- can plan and teach sequences of lessons with the support of the educational team.
- can document the learning process.
- develop the core ability to reflect systematically and continuously on a subject and its didactic dimensions, with respect to their personal subject choice.

Teaching Practice– Secondary School

CONTENTS

- School and classroom situations - Situation and factual analysis - Teaching and social contexts
- Subject-related methods of teaching; first steps into teaching, possibilities for differentiation and special support
- Design of model lessons, planning of sample lesson and use of information technology tools
- Methods of observation, analysis, as well as specific reflection of teaching methods

COMPETENCIES

Students

- can observe a lesson according to specific criteria.
- can plan and teach sequences of lessons with the support of the educational team.
- can document the learning process.
- develop the core ability to reflect systematically and continuously on a subject and its didactic dimensions, respective to their personal subject choice.

Electives

General information

The following courses are part of the regular Bachelor Curriculum at the University College of Teacher Education Carinthia Viktor Frankl and are also open to students enrolled in the "International Study Programme". These courses are then taught in English. Their schedule does not clash with courses in the "International Study Programme in Education:".

Incoming students can choose them as electives in two ways:

- to replace courses of the standard "International Study Programme in Teacher Education" package
- to increase the number of acquired ECTS credits beyond 30

With this course offer, the University College of Teacher Education Carinthia Viktor Frankl aims at facilitating an academic space for the encounter of regular and incoming international students.

Electives for the winter term

Option W1

Students can choose all of the following courses :

Code	Electives Creativ Studies	SWS	UE	EC
PB00FW50WS	Elective Intercultural Music (in depth)	0,8	12	1
PB00FW52WS	Elective Arts	0,8	12	1
PB00FW19WS	Elective Chor	0,8	12	1
Code	Sports	SWS	UE	EC
PB00FW51WS	Elective Physical Education	0,8	12	1

Option W2

Students can choose ONE of the following courses (they are scheduled at the same time):

Code	Intercultural Encounter	SWS	UE	EC
PB32MS04WS	Autochthone Sprachen im österreichischen Schulsystem (Autochthonous Languages in the Austrian School System)	2	30	3
ENG02001PB	Language Education for Specific Contexts	2	30	2,5

Option W2

Students can choose ONE of the following courses (they are scheduled at the same time):

Code	Intercultural Encounter	SWS	UE	EC
PB12LF03WS	Teaching a Foreign Language at Primary Level 1	0,75	12	1
PB34LF03WS	Teaching a Foreign Language at Primary Level 2	0,75	12	1

Further courses open to Incoming Students

Depending on availability enrolment is also possible in the following courses:

Code	Intercultural Encounter	SWS	UE	EC
PB71BW01WS	Grundlagen und Entwicklung des Bildungswesens im nationalen und internationalen Vergleich (Principles and Development of Education Systems in Austria and Abroad in Comparison)	2	30	2
PB73SU03WS	Raumbezogene Perspektive und Verkehrserziehung (Geographical Perspectives in Primary Education)	1,25	18	2
PB13SU04WS	Einführung in den Sachunterricht (Introduction – General Studies in Primary School)	0,5	8	1
PB73LF02WS	Content and Language Integrated Learning in the Primary Classroom (CLIL)	1	15	1
PB53WT07WS	Design und Technik (Handicraft for primary school teachers)	0,75	12	1
PB14VF06WS	RVT: Primärpädagogik und "Viktor Frankl"	1	16	1

Autochthonous Languages in the Austrian School system

CONTENTS

- Autochthonous languages and minorities in Austria and their legal status
- Historical and societal contexts of autochthonous minorities
- Forms and concepts of bi- and multilingual school systems
- Language and cultural diversity
- The European Charter for Regional or Minority Languages

COMPETENCIES

Students

- know about autochthonous minorities in Austria and Europe.
- know about Austria's cultural and language diversity.
- are able to criticise the main terms in minority and migration context.
- know about the historical background of heterogeneous societies.
- can reflect their own bi- and multilingualism.
- know main concepts of bi- and multilingual school systems.

The seminar language is German, presentations and seminar papers are in English and other languages are welcome

Language Education for Specific Contexts

CONTENTS

- Definition of CLIL, Content Based Language Teaching and Immersion
- CLIL in Austrian schools - The CLIL Matrix
- Lesson planning and designing materials for CLIL
- Practical activities (activating knowledge, guiding understanding, focus on language, the four skills of language learning)
- Cultural Awareness in CLIL
- Assessment in CLIL

COMPETENCIES

Students

- can understand that integrating content and language is a good thing.
- can explain the concept and benefits of CLIL.
- can explore the new role of learners, teachers and school in the context of CLIL.
- can plan, design and conduct CLIL lessons according to the European Framework for CLIL Teacher Education.
- can support subject teachers in the context of teaching a subject in a foreign language.

Teaching a Foreign Language at Primary Level 1

CONTENTS

- Transmission of nerve impulses, growth of neurons and neural networks
- Evolution of the human cerebral cortex
- Types of memories: explicit vs. implicit memory, short-term memory, long-term memory
- The limbic system: amygdala, hippocampus, hypothalamus
- The cerebral hemispheres and their functions
- Consequences for language learning

COMPETENCIES

Students

- are familiar with the neurophysiological basis of foreign language learning.
- are able to combine the latest insights of neurosciences with the theory of brain-friendly methods.
- can identify interdisciplinary connections.
- can apply the theory to a logically structured foreign language teaching at the primary level

Teaching a Foreign Language at Primary Level 2

CONTENTS

- Basic grammar on level B2 (independent language use) and level C1 (specialized language skills)
- Expansion of the existing language skill
- Discussion and analysis of complex topics
- Summarization of information from various written and oral sources, giving reasons and explanations in a logical representation
- Lesson plans for the English language at a primary level

COMPETENCIES

Students

- can teach the five language skills (listening, coherent and communicative speaking, reading, writing) using a variety of appropriate methods.
- can arrange foreign language teaching in such a way that pupils can learn actively and goal-driven, with each other and from each other.
- can choose linguistic elements from different contexts in a correct, comprehensible and age-appropriate way in order to enable pupils to give adequate answers.
- can design foreign language lessons in a way that pupils are enabled to discover learning strategies and language rules by themselves.
- can use the foreign language interdisciplinary.
- can apply various reflection tools and models of competence for skill development and documentation.

Principles and Development of Education Systems in Austria and Abroad in Comparison

CONTENTS

- National and international development of education systems in context
- Theoretical concepts in school education
- Current education policy, discussions and standards
- Participatory models in school education and their realization

COMPETENCIES

Students

- are able to give an overview of educational institutions.
- can explain national and international developments of the education system.
- can discuss current models and theories of participation in school education.
- can explain theoretical concepts of inclusive teaching and discuss current educational policies
- understand educational institutions and their players as part of the social structure of society.

Geographical Perspectives in Education

COMPETENCIES

- Cities and landscapes, business and traffic in spatiotemporal transition
- Basics of Geography and geology
- Scope for action within global learning and environmental protection
- Tracking systems (maps, satellite imagery, GPS, et cetera)

COMPETENCIES

Students

- can describe and discuss the importance of habitats / natural environments.
- can describe and explain forms of landscapes and settlements and produce adequate lesson material for pupils.
- can describe and discuss local and global relationships and their influence on human cohabitation.
- are able to understand, perceive and show how environment is formed, modified, and damaged.
- are able to develop sustainable strategies.
- can develop lesson plans for „General Studies in Primary School“.

Introduction – General Studies in Primary School

CONTENTS

- Introduction into selected topics of General Studies and their implementation according to curriculum requirements
- interdisciplinary learning and teaching
- Process-oriented and cross-curricular lesson planning by research, discovery, arts and crafts, language arts and projects

COMPETENCIES

Students

- are able to understand the many perspectives of “General Studies in Primary School”, and to implement the curriculum.
- can implement a cross-curricular framework with other subjects.
- can establish a cross-curricular context.
- can reflect on methods and contents of “General Studies in Primary School”.

Content and Language Integrated Learning in the Primary Classroom (CLIL)

CONTENTS

- CLIL history and theoretical foundations
- The five Cs of CLIL
- Bloom’s taxonomy of lower and higher ordered learning skills
- Vygotsky’s zone of proximal development
- Project work creating CLIL lesson for various topics of the primary curriculum

COMPETENCIES

Students

- can understand the benefits of the CLIL concept.
- understand Bloom’s taxonomy and its potential applications in the primary classroom.
- can apply CLIL principles to plan and teach CLIL lessons.

Handicraft for primary school teachers

CONTENTS

- Practical problem-solving attempts in the areas of construction and housing, with a focus on design and technology
- Introduction to ergonomics in relation to construction and housing
- Integration of technical and aesthetic aspects in the design of a workpiece
- Independent creation of a workpiece.

COMPETENCIES

Students

- can produce manageable and comfortably usable products in the field of construction and housing
- consider technical-functional requirements and formal-aesthetic aspects in the creation of a workpiece

RVT: Primärpädagogik und "Viktor Frankl"

CONTENTS

- Insight into the life and work of Viktor E. Frankl;
- Understanding the fundamental aspects of his existentially grounded conception of the human being, with implications for a humane, meaning-oriented pedagogy that meets today's challenges.

COMPETENCIES

Students

- can articulate Frankl's conception of the human being, understand and apply the necessary specialized terminology.
- can think creatively and be capable of developing innovative approaches to respond meaningfully to challenges in school, as well as in private life and society.
- can incorporate the key principles of meaning-oriented pedagogy (meaning orientation, freedom and responsibility, value balance) into their teaching.
- can encourage students to act independently and responsibly. • interact with others (parents, students, superiors, colleagues, etc.) with appreciation (respect and recognition, acceptance and attention).
- can live a meaningful life through the realization of values and purposefully shaping their own lives.
- can understand the connection between freedom and responsibility, consciously live in accountable freedom, and influence the environment through leading by example.

Electives for the summer term

Option S1

Students can choose all of the following courses:

Code	Intercultural Encounter	SWS	UE	EC
PB00FW50SO	Elective Intercultural Music (in depth)	0,8	12	1
